Compressors

Due to their compact design, our compressors are ideal as mobile support for various applications. The oil-lubricated compressor is the ultimate solution when compressed air is required alongside a reliable power source. The devices are easy and safe to install; the compressor has thermal protection, an adjustable pressure switch, safety valve, pressure gauge and drain valve.

Model	**OL32-24 Compressor**	**OL64-24V Compressor**	**OL96-50 Compressor**
Power supply	230 V	230 V	230 V
Frequency	50/60 Hz	50/60 Hz	50/60 Hz
HP/kW	0,5/0,35	0,92/0,68	1/1,0
Dimensions HxWxD maximum (Centimetres)	49 x 46 x 57	40 x 45 x 51	85 x 41 x 63
Weight (Kilogram)	30	42	69
Noise level (Decibel)	45 dB(A)1m	48 dB(A)1m	49 dB(A)1m
Air pressure range (Bar)	0 – 8	0 – 8	0 – 8
Maximum air supply per hour at 5 Bar in Litres	1.140	2.100	3.240
Tank size (Litres)	24	24	50
Certification	CE	CE	CE
