

DP-Junior

The DP-Junior uses the same type of colour ink ribbon as the DP-2000-T and Perm-A-Print. Also known as C-tape, this Thermark dry ink ribbon makes branding easy. C-tapes are available in 11 colours with variable widths.

The print is transferred using a heated cliché plate. The cliché plate may contain a company logo, symbol or any image. Additionally, it is possible to add variable text by sliding single letters or numbers into a track on the cliché plate. This makes DP-Junior the most cost-efficient solution for direct branding of flatwork.

DP-Junior	
Power supply (Volt)	230
Power consumption maximum (Watt)	600
Temperature range (°C)	25 – 270
Timer (Sec-)	0.1 – 60
Dimensions HxWxD maximum (Millimetres)	550 x 550 x 350
Sealing platen (Millimetres)	96 x 125
Noise level (Decibel)	< 70
Air pressure range (Bar)	2 – 5
Weight (Kilogram)	27,5
Shipping weight (Kilogram)	45
Shipping dimensions HxWxD (Millimetres)	845 x 785 x 785
Certification	CE
