HiQ-EOS Series

Cutting-edge technique at an attractive price. Our EOS range comprises printers which are very easy to use to print textile labels. These two models enable printing without the use of a computer. Suitable for creating labels on workwear, flatwork or personal clothing.

The HiQ-EOS-2 and its big brother HiQ-EOS-5 are both label printers with a full colour touchscreen. Thanks to a fast processor and the possibility for wireless connectivity (Bluetooth and WLAN), you can work just about everywhere you want. A keyboard can also be connected directly to the EOS 2 and 5. Earlier designed layouts are easy to store using the internal memory or a USB stick. For example, previously used label layouts can be easily retrieved, data can be added and then printed. With the optional cutter and perforation cutter you can also work with our continuous or die-cut tape.

EOS-2 / EOS-5	
Power supply (Volt)	100 – 240
Power consumption maximum (Watt)	100
Temperature range (°C)	N/A
Timer (Sec-)	N/A
Dimensions HxWxD maximum (Millimeters)	189 x 322 x 253
Sealing platen (Millimeters)	N/A
Noise level (Decibel)	< 55
Air pressure range (Bar)	N/A
Weight EOS-2 / EOS-5 (Kilogram)	5 / 5
Shipping weight EOS-2 / EOS-5 (Kilogram)	5,2 / 7
Shipping dimensions HxWxD (Millimeters)	325 x 370 x 370
Certification	CE
