

NL-15-SQR/R

The NL-15-SQR/R is a sophisticated combination of advanced technology and modern ergonomic design. The device heats up quickly and switches automatically into power-saving mode when it is not used for a while.

These heat sealing presses work fast thanks to the two press platens. The NL-15-SQR/R works exclusively on compressed air and is the machine for larger volumes. The display is easy to operate.

NL-15-SQR/R	
Power supply (Volt)	240
Power consumption maximum (Watt)	800
Temperature range (°C)	25 – 210
Timer (Sec-)	1 – 240
Dimensions HxWxD maximum (Millimeters)	470 x 540 x 470
Sealing platen (Millimeters)	140 x 140
Noise level (Decibel)	< 70
Air pressure range (Bar)	3 – 6
Usage litres per cycle @5 Bar	3,01
Weight (Kilogram)	59
Shipping weight (Kilogram)	75
Shipping dimensions HxWxD (Millimeters)	845 x 785 x 785
Certification	CE
