

NL-33 AUTO MAXI

The NL-33 AUTO MAXI is a double pneumatic heat sealer with large press platens with a large press area (40x50 cm). As one item is sealed, the next piece can be placed on the other platen.

The electronics of the NL-33 AUTO MAXI can store five programmed settings. This makes switching between Flextrans and Truflex fast and efficient.

The NL-33 AUTO MAXI also has a counter indicating the number of cycles.

NL-33 AUTO MAXI	
Power supply (Volt)	240
Power consumption maximum (Watt)	3200
Temperature range (°C)	0 - 220
Timer (Sec-)	0 - 1.800
Dimensions HxWxD maximum (Millimetres)	627 x 1071 x 840
Sealing platen (Millimetres)	400 x 500
Noise level (Decibel)	< 70
Air pressure range (Bar)	0 - 10
Usage liters per cycle @5 Bar	7,36
Weight (Kilogram)	148
Shipping weight (Kilogram)	172
Shipping dimensions HxWxD (Millimetres)	795 x 1160 x 970
Certification	CE
