

FASTAG SPORTS PRO

Highlights • flexible • lightweight skin • digital images

FasTag Sports Pro

A lightweight Digital skin exclusively designed for application to balls, boots, goal keeper gloves with only 25 unit minimum order quantity. Commercial opportunities include Match of the day Sponsorship, corporate packages and gifts, club and team identification, cup and final matches, retail sales and charity match sponsorship.

Specifically tested on all surfaces from 2G to 4G artificial, concrete and grass in extreme conditions by professional players to local Junior League sides. When applied the label almost fuses with the surface of the ball so that it almost becomes one with the ball or boot, you hardly can feel that it is there.

Possibilities

The FasTag Sports Pro emblems are produced in full colour with a minimum order quantity of only 25 pieces and they are applied with a 120 °C for 10 seconds with the NL-40 heat seal press for optimal results.
