READY PLUS EMBLEMS

Cover it up...

Highlights • Re-badging • 7 day delivery • Any colour • Industrial wash • Oeko-Tex certified

What are Ready PLUS Emblems?
Ready PLUS is the ideal solution for companies faced with the need to re-badge garment. This may be due to a rebranding exercise or perhaps the garment has a new user or it may be that there is a fault in the existing emblem or transfer. A Ready PLUS Emblem can be sealed over almost any existing heat seal emblem or transfer thereby extending the life of the garment and therefore avoid the need to invest in expensive new garments.

It is not possible to seal over every kind of transfer, so therefore it is necessary to test this before ordering.

Technical Specifications
Ready PLUS is produced using a slightly thicker textile to ensure the adhesion of the emblem over the excising emblem or transfer.

All Ready products carry an Oeko-Tex certification.

Speed
Ready PLUS Emblems are produced within 7 production days after approval of the free artwork.

Shape
Due to the thicker base material used not all shapes are possible but we will show what is possible through the artwork.

Colours
Ready PLUS Emblems are full colour and for you to see how the colours look we issue a colour book with Simulated PMS C colours.

Pricing
In our pricelist you will find a special page for Ready PLUS Emblems. Also for this product we made it easy for you and there are only two groups;

- breast size (up to 100 cm^2) and
- back size (100 - 500 cm^2)

Quantities
The minimum order size is 15 pieces and from there on we produce the exact quantity that you need.
