

Ink Cassettes & Ink Ribbons

Thermal transfer ribbons Designed to work in combination with our HiQ labels. The Thermal ribbon are available in black and red. Other colors may be possible, please check directly with a Thermopatch representative. Various cores are available to work on different thermal printers. Let us know your model printer and we can determine which core is needed.

Ink Cartridges For Thermoseal machines and dot matrix printers like Epson, Star, Okidata, etc. The ink we manufacture is indelible ink made to withstand laundering and work in combination with our dot matrix labels.

C ribbons and D ribbons For Decoprint and Perm-A-Print marking systems. See [C-Tape/D-Tape](#) page for more details.
