SQUIX4M

HiQ Thermal Label Printer

Exceeds All Expectations

HIQ QUALITY

The SQUIX4M offers thermal transfer printing technology at its best. It exceeds all expectations, with a modern design, state-of-the-art technology, a color touchscreen and a variety of optional devices, including a cutter.

The professional SQUIX4M printer supports a wide range of individual applications. They have been developed with a focus on easy, convenient operation and high reliability.

Optional Accessories

- Clean cutter (Part#20206-02)
- Perforation cutter (Part#20206-03)
- Bartender or Titan label printing software

Consumables

A wide range of media can be used with the SQUIX4M:
HiQ Industrial, HiQ Cleanroom, IniTex, Hytex and FR labels.

Ink Ribbons

By using our HiQ thermal printing media and ink, the final printed label is virtually indestructible and perfectly readable, even after a large number of industrial washes.
