

# Thermoseal

Thermoseal is a high-strength, high-temperature adhesive tape used for bonding and sealing applications. It is available in 10 different colors.

Thermoseal Y-600, Y-151, Y-140-B, Y-130 Rabbit, Y-126, Thermoseal 4635 1/4", Y-600, Y-300, Thermoseal 8635 1/2"

Thermoseal is available in 6 different colors.

Thermoseal is available in 6 different colors.

Color	Temperature (°C)	Thickness (mm)	Tensile Strength (kg/cm <sup>2</sup> )	Width (mm)	Temperature (°C)
Thermoseal	175	2,7 - 4,5	0,5	12,5	95 °C
